

The news media and the Democrats hate Donald Trump! Almost all of the journalist are no longer unbiased reporters, but have become agents of the far left to do everything they can to make sure Donald Trump does not get reelected.

ABC, CBS, CNN, NBC, MSNBC, AOL, Google, etc. no longer report the news, but provide a distorted view designed to make our President look like an evil person who should not be in office.

Every concerned citizen living in the United States of America needs to wake up and stop listening to their propaganda. If anyone doubts this, I suggest that you record several of the above nightly broadcasts and then listen to each of these recordings. You will discover that they all have the exact same warped reporting designed to manipulate you.

After listening to these, then compare their recordings with the following two programs on FOX news station: *The Five* (at 5 pm) and *The Ingraham Angle* (at 10 pm Eastern Daylight Time). After watching these programs you will soon learn what is happening in our great country. If you are like me, you will want to tell all of your friends and loved ones to listen to FOX and turn off all of the other news outlets.

In addition to the above, I encourage you to listen to and read several articles and videos that can be found on our website under the following heading:

Must See Videos and Articles for Every American:

These short videos and articles should be seen by every person who will be voting on November 3rd.

In a recent “Black Lives Matter” protest-march several signs were prominently displayed before the news media stating:

Trumps Life Is A Waste of Matter

Patriotic Americans across this nation need to rise up to save our great country from the far left who want to take over our democracy and replace it with their Marxist Agenda.

Dear Brothers and Sisters in Christ:

We are quickly approaching one of the most important elections this nation has ever faced.

Other than casting my ballot during the elections, I have never really gotten involved in politics in the past. This year; however, the stakes are extremely high and the false narrative that is being propagated by the Democrats and the entire main stream media forces me to speak out.

One of the most popular books that I have written is *Daniel's Prophecies Unsealed*. Since its publication in 2018, it has ranked in the top 10 books on Amazon under Christian Old Testament Commentaries. When I wrote this book, I purposely did not mention President Trump because I did not want to speculate on something, which I was not completely sure of. While I did not mention President Trump in the book, Daniel 11:22 could be referring to him where he is described as the "*Prince of the covenant*" (upholder of the Constitution) who is swept away by the Antichrist.

If this interpretation is correct, this would mean that the elections coming in November will be extremely important. The news media and the Democrats hate Trump, but President Trump could be the only thing holding back the appearance of the Antichrist!

While we know that God is the One who establishes who will win the election (Romans 13:1, Daniel 2:21, Psalm 75:6-7), I believe that He uses people to accomplish His purposes. While I do not know who God will choose, I believe Evangelical Christians could be the deciding factor!

President Trump is the best candidate to bring peace to the Middle East, while former Vice President Joe Biden's policies would most likely lead to war!

I have updated the homepage of our website with several important videos and articles that you will want to see and share with those you care about. I encourage you to please take a few minutes to listen to and read these brief articles and videos that can be found on the [homepage](#) of our website under the following heading:
